### Empower Your Practice: Learn How to Support Cancer Clinical Trials.

We'll share how you can directly impact patient care through local involvement in clinical trials. You'll gain in-depth understanding of clinical trials and their role in cancer care.

#### Why Attend?

1. Gain practical insights on clinical trials.
2. Learn to collaborate with cancer centers.
3. Improve patient access and outcomes.
4. Hear firsthand from trial participants.

Rolling registration.

Register one-time to access all sessions. Attend as your schedule allows.

#### Topics Include:

- ☒ Clinical Trials Fundamentals
- ☒ Enhancing Partnerships
- ☒ Successful Recruitment Strategies
- ☒ Broadening Participation
- ☒ Community Outreach & Education

#### Who Should Attend:

Radiologists, Oncologists, Hematologists, Family Physicians, Physician Assistants, Nurse Practitioners, Nurses, Pharmacists, Social Workers, Patient Navigators, Community Health Workers, Cancer Clinical Research Staff

*This education is partially supported with funding for the PA Department of Health to the Penn State Cancer Institute's Office of Community Outreach and Engagement.*

**PennState**  
College of Medicine

**pennsylvania**
