ID	DESCRIPTION	OWNER
1	April Barry and Lyn Robertson opened the meeting; Review of Agenda	AB, LR
	Each member of the Collaborative Introduced Self and Organization	ALL
3	Annual Workplan for Clinical Trials	
	Project ECHO- Dr. Calo, Penn State University	
	<ul style="list-style-type: none"> ○ Dr. Calo reported: planning on beginning the ECHO project early 2025, January through May. Plans to have the sessions over lunch. ECHO will use evidence-based curriculum, adapt from New Mexico's ECHO, use PA data. Project ECHO will be completed by June 2025. ○ AB reported that SME workgroup is meeting monthly and the target audiences of the series has been defined and Penn State staff will be working on finalizing CEs for the target healthcare professionals 	WC

3	<ul style="list-style-type: none"> ○ Dr. Monica Baskin presentation- UPMC Clinical Trials <ul style="list-style-type: none"> ● Multi-level approach to increasing representation in clinical trials ● Structural Barriers-Medical System mistrust, African American and Hispanic population experience increased physician mistrust. ● Research team bias- recruitment interactions with potential minority participants perceived as challenging. ● Structural level- Increase access to community providers/ centers, facilitate the start of new trials through innovative interdisciplinary intramural research funding opportunities, identify and address issues related to clinical time/reimbursement like the constraints and/or community provider, providers/clinicians need to look like the population they serve. 	
4	Next meeting will be October 8, 2024 at Noon
