

PCC Workgroup Annual Action Plan

PCC Workgroup/Subcommittee/Collaborative

Name of Workgroup: Evaluation Subcommittee _____

Action Plan Date: 12/5/23

This group is working on these Objectives to reach the following 2023-2033 Pennsylvania Cancer Control Plan goals:

CHECK ALL THAT APPLY.

<input checked="" type="checkbox"/> 1:1 HEALTH EQUITY: Reduce cancer-related disparities and risk factors	<input type="checkbox"/> 4.1 Increase the availability of and access to high-quality cancer diagnosis and treatment services Strategies: <input type="checkbox"/> Increase Participation in Cancer Clinical Trials <input type="checkbox"/> Increase Availability of and Access to Cancer Genetic Counseling and Testing
<input checked="" type="checkbox"/> 1.2 Increase the number of coalition members who represent underserved populations and communities	<input type="checkbox"/> 5.1 Improve the Quality of Life of Survivors: <input type="checkbox"/> Pediatric, <input type="checkbox"/> Adult, <input type="checkbox"/> Caregivers
<input type="checkbox"/> 2.1 Strengthen public protection from environmental carcinogens and cancer risk factors	<input type="checkbox"/> 6. Increase Participation in Cancer Clinical Trials
<input type="checkbox"/> 2.2 Increase the vaccination rates for vaccines shown to reduce the risk of cancer: <input type="checkbox"/> HPV, <input type="checkbox"/> HBV, <input type="checkbox"/> Both	<input type="checkbox"/> 7. Increase Availability of and Access to Cancer Genetic Counseling and Testing
<input type="checkbox"/> 3.1 Increase screening for and early detection of these cancers: <input type="checkbox"/> Breast, <input type="checkbox"/> Cervical, <input type="checkbox"/> Colorectal, <input type="checkbox"/> Lung, <input type="checkbox"/> Prostate And/or <input type="checkbox"/> Informed Decision Making <input type="checkbox"/> Colorectal, <input type="checkbox"/> Lung, <input type="checkbox"/> Prostate	<input checked="" type="checkbox"/> 8. OTHER: Evaluate the functioning of the PCC via the annual survey Assess the dissemination of the Cancer Plan Assist other workgroups/subcommittees with evaluation TA as needed
Population: <input type="checkbox"/> Combined Male and Female, <input type="checkbox"/> Male, <input type="checkbox"/> Female, <input type="checkbox"/> Pediatric, <input type="checkbox"/> Adult, <input type="checkbox"/> LGBTQ+, <input type="checkbox"/> Black, <input type="checkbox"/> White, <input type="checkbox"/> Hispanic, <input type="checkbox"/> Asian/PI, <input type="checkbox"/> Rural <input type="checkbox"/> Urban Young Adult <input type="checkbox"/> DEFINE FOR this EBI:	Geographic Location: <input checked="" type="checkbox"/> Statewide, <input type="checkbox"/> NE, <input type="checkbox"/> SE, <input type="checkbox"/> NC, <input type="checkbox"/> SC, <input type="checkbox"/> NW, <input type="checkbox"/> SW (Check all that apply) County/City/Municipality:

(Example, definition of young adult for HPV, versus definition of young adult for colon cancer)

Other: PCC members

Fill in all the EBIs the Workgroup/Subcommittee/Collaborative is working on.

<p>1. Evidence-based Interventions/Strategy/Activities from Cancer Plan: Evaluate the functioning of the PCC with the Annual Survey in Spring 2024</p>	<p>1. Target/Measure/Outcome</p>
<p>Success/Progress made in working toward Plan EBIs/Strategies: In the 2022-23 year, the eval subcommittee worked to refresh the 9 Habits items in the Annual Survey instrument to reflect updates to the 9 Habits, which in turn reflect the increased focus on health equity that appears in the CDC CCCP. This makes the group well-positioned to field the 2023-24 survey this spring.</p>	<ul style="list-style-type: none"> -Prepare/Update Annual Survey-March 2024 -Review and update outreach plan/dissemination plan to increase complete of the Annual Survey-April 2024 -Dissemination Annual Survey-May/June 2024
<p>Barriers: Last year, the survey had a dip in participation as the June PCC meeting was cancelled—which was a major part of the outreach plan to increase completion by members of the annual survey (and where 30-40 surveys were completed in past years)</p>	<ul style="list-style-type: none"> -PHMC and the Subcommittee will evaluate the results of the Annual Survey -Prepare finding and recommendations and present to the PCC
<p>2. Evidence-based Interventions/Strategy/Activities from Cancer Plan: Assist DOH with evaluating dissemination of the Cancer Plan</p>	<p>2. Target/Measure/Outcome</p>
<p>Success/Progress made in working toward Plan EBIs/Strategies: Currently waiting for more information about Cancer Plan dissemination</p>	<ul style="list-style-type: none"> -Give input on PADOH dissemination plan for the 2023-33 Cancer Plan as requested-note: tracking disseminate is needed -Create evaluation measures to assess dissemination plan effectiveness
<p>Barriers: None at this time</p>	
<p>3. Evidence-based Interventions/Strategy/Activities from Cancer Plan: Provide evaluation support and resources for other workgroups/subcommittees in need of evaluation expertise</p>	<p>3. Target/Measure/Outcome</p>

<p>Success/Progress made in working toward Plan EBIs/Strategies Develop webpage, and resources (including toolkits) for the evaluation PCC members to guide their evaluation efforts</p>	<p>-Compile evaluation resources/webpage for the PCC website</p>
<p>Barriers: None at this time</p>	<p>Note: Pending but specifics coming later: Policy and CRC collaboration may be looking for evaluation support in their quest to address coverage for CRC diagnostics with Medicaid when someone tests positive on FIT, Cologard, etc (currently can't pay for diagnostic Colonoscopy—but breast and cervical cancer IS paid for under policy)</p>

New organizations to engage goal achievement:
 -Recruit new members from within the PCC who are SMEs, note: Policy subcommittee members
 -There are some members of the Evaluation subcommittee who have not been coming. Co-co-chairs, Mark and Heather will assess, and Heather, Mark and April will do outreach to these members.

Who did the workgroup disseminate the 2023-2033 Pennsylvania Cancer Control Plan to (who was the audience, what health/hospital system or organization?)

-Co-chairs distributed the Cancer Plan to members, formal procedure for reporting back to PCC/DOH needs to be established to track efforts
