

## Creating the Workplan, July 1, 2021-June 30, 2022

### PCC Workgroup or Subcommittee:

*The group will discuss and record what evidence-based strategies or approaches will help to reach the [2019-2023 Pennsylvania Cancer Control Plan \(Cancer Plan\)](#) goals. These strategies may be undertaken by multiple organizations, the Comprehensive Cancer Control Program or workgroups within the PCC.*

#### 1. This group is addressing the following Cancer Plan goals:

- |  |   |
|--|---|
| <input type="checkbox"/> Increase Access to Regular Health Care for Pennsylvanians   | <input type="checkbox"/> Increase Cervical Cancer Screening   |
| <input type="checkbox"/> Increase Health Literacy: Assist Pennsylvanians in Comprehending Health Information and Making Appropriate Health Decisions | <input type="checkbox"/> Increase Colorectal Cancer Screening   |
| <input type="checkbox"/> Increasing the Number of Adolescents ages 11 and 12 who are Vaccinated Against HPV  | <input type="checkbox"/> Detect Lung Cancer Earlier   |
| <input type="checkbox"/> Prevent Lung Cancer by Reducing Tobacco Use and Abating Radon Exposure  | <input type="checkbox"/> Detect Prostate Cancer Earlier   |
| <input type="checkbox"/> Prevent Skin Cancer   | <input type="checkbox"/> Increase Participation in Cancer Clinical Trials   |
| <input type="checkbox"/> Reduce Obesity (adult and or childhood)   | <input type="checkbox"/> Increase the Availability of and Access to Cancer Genetic Counseling and Testing in Pennsylvania |
| <input type="checkbox"/> Expand Liver Cancer Prevention Efforts  | <input type="checkbox"/> Increase the Five-Year Survival Rate for Pennsylvanians with Cancer                              |
| <input type="checkbox"/> Increase Breast Cancer Screening  |   |

#### 2. What evidence-based strategies or approaches from the Cancer Plan should be initiated or continued over this time period (a maximum of three strategies or approaches should be listed)

##### Strategy ①

Strategy 2

Strategy 3

3. Why should these **current** initiatives be continued?

4. What *new strategies* should be undertaken? Why?

5. What disparate populations should we be addressing? Why?

6. Has the purpose of this Workgroup/Subcommittee remained the same? If no, what is the new purpose statement? (*Refer to the Pennsylvania Cancer Coalition Organizational Structure handout*)

7. What new organizations (and individuals) should we engage in coalition work to help us meet our goals?

8. Additional comments
