3 Agenda

- Introductions of group leaders and attendees
- Completed update of the PCC Action Plan for Survivorship/Quality of Life Group
 1. Promote community education to increase knowledge about the growing cancer survivor population and issues surrounding cancer survivorship.
 2. Educate providers on best practices for follow-up, long-term and transition care for pediatric cancer survivors. (Later in the year – approach ACCO and create one pager for Childhood Cancer Systems) & Educate Policy Makers and payors about the long-term physical and psycho-social needs of pediatric cancer survivors to promote continued affordable access to services
 3. Educate providers on the importance of routine wellness checks, screening, and risk reduction assessment (e.g. tobacco cessation, nutrition, and physical activity)
 4. Promote increased access to survivor wellness programs for pediatric and adults through expansion to rural communities, patient navigation, and community health worker education
 5. Use data to educate policy makers about the unique needs of cancer survivors and survivor health disparities
