1. **Survivorship Resource Page on the PCC Website** – We are officially adding a Survivorship Resource Page to the PCC website. For now, please add resources to this Google Doc - https://docs.google.com/document/d/1mXhgel3XIkO8kKEb1u8rj_Sih3KG9jwfkqjP_zSroXU/edit?usp=sharing

During our March workgroup meeting we will review the document.

2. **Vaccines for Cancer Patients Brochure** – workgroup discussed the document. The feedback by the group was: 8 pages too long for brochure, on brochure have basic info, add link and QR code for more information, make sure the reading level is accessible for those with lower literacy, reduce text/add visuals, what information do you want people to walk away with – make sure to have the who, what and why, add something to text about encouraging people to feel comfortable about vaccines. After the

group's discussion, Brenda put together a draft brochure. Please see below.
